About Us
Copperstone Resources AB is a company now scaling up to become a modern and responsibly producing mining company through the reopening of the Viscaria mine in Kiruna, Sweden. The deposit's high copper grade assessed mineral resources, geographical location and growing team of experts provides good opportunities to become a key supplier of quality and responsibly produced copper – a metal that plays a critical role in Sweden's and Europe's climate change towards an electrified society. In addition to the Viscaria mine, Copperstone holds a number of other exploitation concessions and exploration permits in Arvidsjaur (Eva, Svartliden, Granliden) and Smedjebacken (Tvistbogruvan), all in Sweden. The parent company's shares are traded on Nasdaq Stockholm Main Market (ticker COPP).

This information is information that Copperstone Resources is obliged to make public pursuant to the Financial Instruments Trading Act. The information was submitted for publication at 2023-12-29 08:00 CET.
